

# Subcontractor Awareness

www.erosiontraining.com

**NPDES**  **TRAINING INSTITUTE**

"Training That Helps It All Make Sense!"

The Subcontractor Awareness Seminar is a 2-hour seminar with no exam designed to provide the mandatory 3-year certification to individuals working in a subcontractor capacity an overview of:

- Erosion and sedimentation
- The impacts erosion and sedimentation have on the environment
- Best Management Practices (BMPs) both vegetative and structural
- Laws governing erosion and sedimentation

## **Subcontractor Awareness Seminar Attendees include but not limited to:**

- Grading personnel, as well as grading and earthmoving equipment operators
- Irrigation system personnel (residence, commercial and industrial sites)
- Landscape personnel
- Utility personnel (excludes entities regulated by the PSC or FERC, and other entities listed in O.C.G.A. 12-7-17(10), if within a Common Development
- Wastewater personnel installing on-site systems (includes septic tank excavation and drain fields)
- Well drilling personnel (includes directional boring equipment operators)
- Plumbers and electricians (will require certification if conducting a land disturbing activity within a permitted project site).
- Erosion control installation personnel. Other personnel involved in land disturbing activities acting as a subcontractor.

## **What if I already attended a Level IA Fundamentals Seminar?**

If you are working in a subcontractor capacity and possess a Level IA certification you are not required to take the Subcontractor Awareness Seminar, but
